

“ First Love Last “

Music by: Hans Hindpere- Lyrics by Pamela Phillips Oland

Just chalk it up to my innocence
Just put it down to my heart's pretense
It's all a mistake - the one that I loved
Was never you - but a stranger

Your lips were warm, but your heart was cold
Your shinin' smile, it was just fool's gold
Your fatal mistake - that's left you in my past...
You put my First Love Last.

(musical interlude)

We tied the knot - but you cut the string
You threw - those dice - and lost everything
You starred in my dreams - (but) the part has been re-cast!
You put my First Love Last
