

„ When You Fall In Love „
Music by Raimond Valgre – Lyrics by Pamela Phillips Oland

Friends always seemed to meet the love their hearts had longed for
So many songs for – the lovers of this world
I would walk the lonely streets – I'd dream and I'd wonder
Where was the someone meant for me?

I can't get to sleep
Or slow my heart beat
Thinking about you
When I'm without you
Stars don't shine

Don't care what I eat
Or who else I meet
I'm all about you
No I'm not dreaming
You are mine

I'm dizzy with joy,
I'm over the moon
Miracles happen
One girl and one boy, truly in tune
Like I imagined

Your eyes meet their match
You feel your breath catch
Life fills with passion
That's how it's done – when you fall in Love

I can't get to sleep
Or slow my heart beat
Thinking about you
When I'm without you
Stars don't shine

Don't care what I eat
Or who else I meet
I'm all about you
No I'm not dreaming
You are mine

I'm dizzy with joy,
I'm over the moon
Miracles happen
One girl and one boy, truly in tune
Like I imagined

Your eyes meet their match
You feel your breath catch
Life fills with passion
That's how it's done - when you fall in Love
